

New Hex Weave series of geometric, woven-look mosaics delivers a range of looks from bold and contemporary to old-world style

March 30, 2018

MINNEAPOLIS, March 30, 2018 (GLOBE NEWSWIRE) -- The Tile Shop (NASDAQ:TTS), a specialty retailer of natural stone and man-made tiles, today announced the release of the Hex Weave collection, one marble-look and three wood-look porcelain tiles that feature an intricate, woven mosaic design.

A bold, geometric statement floor. Visit www.tileshop.com or call Customer Service at (888) 398-6595 for more.

An old-world inspired parquet-look floor. Visit www.tileshop.com or call Customer Service at (888) 398-6595 for more.

This versatile collection is made up of two different styles that offer unique looks. The Carrara Blend tile weaves together the look of high-end white marble and anthracite for a black-and-white geometric pattern. Statement walls and bold, intricate floors are created with this tile. The second style, shown in the Light Grey, Dark Grey and Taupe Blend Hex Weave tiles, mimics natural wood grain, allowing customers to create the look of an old-world wooden parquet floor with all of the benefits of a porcelain tile. The wood-look Hex Weave tiles instill the romantic feeling of a classic European wood floor, warming up spaces with subtle geometric interest.

All of the Hex Weave styles feature a central hexagon shape surrounded by a woven design in a complementary or contrasting color. This series is a unique twist on this popular shape in home décor and design.

"Bold homeowners who want to add a statement floor or wall with exciting geometric details that still retains a classic look will love the Hex Weave series," said Kevin McDaniel, Vice President of Merchandising at The Tile Shop. "The different colors and finishes, all in an easy-to-care-for and durable porcelain tile, will appeal to a large variety of tastes."

The Hex Weave series is one of dozens of new and unique product collections being released this month and represents part of a commitment to offer the leading assortment in the industry.
